A great teacher with the dynamic ability to awaken in his listeners something of the Divine Reality in which he is grounded, with which he is identified, and which, in fact, he is.

Adi Da Samraj has spoken directly to the heart of our human situation—the shocking gravity of our brief and unbidden lives. Through his words I have experienced a glimmering of eternal life, and view my own existence as timeless and spaceless in a way that I never have before.

My relationship with Adi Da Samraj over many years has only confirmed His Realization and the Truth of His impeccable Teaching. He is much more than simply an inspiration of my music, but is really a living demonstration that perfect transcendence is actually possible. This is both a great relief and a great challenge. If you thirst for truth, here is a rare opportunity to drink.

Adi Da Samraj and his unique body of teaching work offer a rare and extraordinary opportunity for those courageous students who are ready to move beyond ego and take the plunge into deepest communion with the Absolute. Importantly, the teaching is grounded in explicit discussion of necessary psycho-spiritual evolution and guides the student to self-responsibility and self-awareness.
